2021—2022**

BUDGET

MESSAGE

2021-2022

May 25,2021

The Honorable Mayor and Members of the Board of Aldermen
Town of Waynesville.

In accordance with the provisions of the North Carolina General Statutes, your staff presents the proposed Municipal Operating and Capital Budget for Fiscal Year 2021-22.

INTRODUCTION

From a budgeting perspective 2021-22 is one of the most unusual financial environments that budget teams Statewide have encountered in their careers. Within the time period of twelve months, Municipalities have moved from an extremely pessimistic financial outlook to one that is far more positive. In Waynesville's case, its prediction that the local economy would tank as it did in 2008-09 proved to be overly pessimistic. The Covid-19 pandemic created a boom in travel to the mountains and low interest rates have launched a surge in home renovation and new construction. Waynesville is experiencing an increase in multi-family residential growth as well. In addition to the increase in sales taxes, the real estate industry is experiencing one of the most active years since the real estate boom in the early 2000s.

REVENUE PROJECTIONS AND REVALUATION

During the previous quadrennial revaluation Waynesville's tax base reflected the end of the 2008 recession by experiencing a decrease of 1.59% in its tax base. The 2021 revaluation reflects an estimated increase in the residential tax base of approximately 25% and 15% for commercial real estate. The NC General Assembly adopted a formula for local governments to use in determining a municipality's rate if the new valuation raises a similar amount of revenue to that of the previous year. Waynesville's current tax rate is \$49.57 cents per \$100 of value. Using the State's formula for determining a tax rate that collects approximately the same revenue as last year the "Revenue Neutral" valuation drops Waynesville's rate to \$41.27 cents per \$100.

The Town has been holding off on equipment purchases for several years. This budget

attempts to strike a balance between the need to replace outdated equipment with the need to keep the ad valorem tax as low as possible. The recommended tax rate for the upcoming fiscal year is \$45.45 cents per \$100.

IMPACT OF ARP

The passage of the American Recovery Plan was a surprise for local governments. The Federal Program provides \$2.97 million dollars for the Town to carry out needed projects and purchase certain equipment over a three - year period. The proposed budget that is before you uses these funds to repair and replace sewer lines where storm water is leaking into the lines. It provides funds to lower the water line in Pigeon Street thus permitting NC DOT to repave the damaged pavement. The program also permits the Town to purchase rollout garbage and recycling bins to convert waste pickup to a safer and more attractive process.

IMPLEMENTATION OF NEW PAY PLAN

The increases in the property tax base and increase in sales taxes provides the Town with sufficient revenue to fund a pay plan that takes an important step in placing the Town's salaries in line with its competing municipalities. The study evaluated the pay of eight local governments and placed Waynesville's entry level salaries at the mid-point of the governments in our study. The budget recommends a plan that brings the Town's salaries closer to its competing local governments than in the past. The Town has lost a number of employees to both the private sector and other local governments. The adoption of this plan should increase Waynesville's competitiveness in the market. The proposed budget recommends that \$440,000 be budgeted for salary adjustments in the General Fund, \$138,000 in the Water, \$165,000 in the Wastewater and \$50,000 in the Electric Fund. The increases are designed to bring some employees' salaries up to the minimum salary for their positions among competing local governments and adjust other employee salaries (decompression) according to how long they have worked in their current position. Ex. If an employee has been an Equipment Operator for 29 years their salary would reflect their time in that position. If an employee had been with the Town for 29 years and had been promoted three times with the last promotion being three years ago their salary would be adjusted based on the three year's they have spent with in their current position. The logic behind this approach is that every promotion brings the employee to a higher pay grade, so their salary is reset with each promotion.

CAREER TRACK

We have included a 5% Career Track for Police and 2% for all other employees based on the Board's direction last year. This will be in addition to the pay adjustments listed above.

Local Government Retirement System

The State requires that local governments fully fund their retirement systems. In the upcoming year the retirement system has informed local governments that their rates will increase by 1.2% next year. In monetary terms that amounts to \$105,000 for the Town of Waynesville; \$75,000 for the General Fund alone.

BUDGET SUMMARY

Ad Valorem Taxes

Haywood County provides its municipalities with a tax scroll that lists the value of each parcel's real and personal property. The Towns apply their tax rate to those values and determine the taxes due to the Towns. The counties re-assess property at least every eight years. Many choose Haywood's approach to revalue every four years.

The first taxable year after a revaluation local governments must show what the tax rate would be to raise the same revenue as the previous year. For Waynesville the "tax neutral" rate would be \$.4127 cents per \$100. The Town has been deferring a number of expenses to coincide with both the revaluation and increase in tax base due to growth. The staff recommends that the proposed ad valorem tax rate would be \$.4542 per \$100 in valuation. This represents an increase from the tax neutral rate of \$.4127. The State will only permit local governments to budget the percentage of taxes collected the year before. Waynesville's collection rate was 96.44% in 2019-20 and is projected to be 96% for 2020-21. We project the Town will collect \$5,974,840 or 95.89% of the General Fund tax levy for 2021-22.

Municipal Vehicle Fee

The proposal continues the use of a \$15 per vehicle fee paid when citizens renew their tags at the DMV office. The fee is estimated to provide \$130,000 in revenue to the General Fund. The fee is roughly equal to 1 cent on the ad valorem tax rate.

Downtown Municipal Service District

The Town maintains a municipal service district for many Downtown properties. The taxes collected for the district are used to promote the activities of the Downtown, attract customers to Downtown businesses and to help in attracting new business to the district.

The current ad valorem tax on the Downtown Municipal Service District is \$.20 per \$100 of valuation. It yields approximately \$99,000. The new valuation of the district increases the value to \$57,731,449. The tax neutral rate would be \$.1766 per \$100 valuation. Using the same logic as we did with the overall Town tax rate, we recommend a \$.19 cent valuation for the district. This would increase their annual tax income to \$107,300.

Personnel and Insurance

Over 68% of the General Fund's expenses are related to the hiring and retention of its employees. The pay plan that we mentioned earlier will be the largest monetary change to the General Fund Budget. The Water, Wastewater and Electric Funds have considerable employee related expenses, but the nature of their service reduces the impact that personnel changes have on their overall budgets. We recommend that the Board adopt the \$658,460 in the General, \$153,895 in the Water, \$181,080 in the Wastewater and \$55,845 in the Electric Fund to fund the recommendations in the pay plan and Career Track.

The Fire Department is requesting additional part-time positions to supplement daytime staffing. The Department is finding volunteers who are able to take off of work to answer calls more difficult. The part time staff will fill that need.

Health Insurance

Our health insurance rate is tied to the Town's "experience rating" the value of the claims submitted by the employees and their families. Our rating for the current year is 94%. The Insurance Companies like the rating to stay in the 70% range. The high experience rating is based on increases in prescription drug prices and claims.

Worker's Compensation

The Town's Worker's Compensation insurance has increased by \$5,902. Its experience rating has only increased .8%. The rates are set by the NC Insurance Commission, not by competing businesses.

Liability Insurance

The Town experienced an increase of \$10,202 in liability insurance. This increase is due to increased property values by 3% as a result of inflation. We are currently looking at adding terrorism coverage which would be an additional \$2,000.

RATES AND FEES

The Town's fees and rents are outlined on page 51. The major rates and fees are outlined below:

Residential Water Service (based on 5/8 meter), Base Rate	\$16.66
Per 100 cubic feet	\$ 1.77
Residential Wastewater (\$100% of metered water), Base Rate	\$23.58
Per 100 cubic feet	\$ 3.11
Residential Trash Fee (per month)	\$ 9.00

Page 5.
2021-22 Budget Message

Roll Out Commercial Sanitation Service (per month)	\$22.97
Commercial Sanitation Service (No Longer Provided)	\$ 0.00

Capacity Use Fees

The Town adopted a new schedule of “capacity use fees” in 2018-19 based on a study mandated by the General Assembly (HB 436). We have reviewed our capital needs and weighed them against the Town’s need to keep its cost of service affordable and do not recommend an increase for the 2021-22 fiscal year. As the Town moves into its renovation of the waste treatment plant and repair of areas of inflow and infiltration the staff will recalculate the Capacity Use Fees for sewer treatment to reflect the new debt that will be repaid over the next 26 years beginning in 2024.

Capacity Use Fees are based on the premise that users of Waynesville’s waste treatment system purchase a portion of the plant’s six-million-gallon capacity. The fees are based on a table of projected sewer use adopted by the Board. The fees that the Town Board adopted are below the “upper limit” of fees the Study indicates could be charged. The Capacity Use Fee Schedule that we recommend represent a “single fee system”. In-Town and Out-of-Town Capacity Use Fees are the same. The fee schedule may be found on page 51.

UTILITY AND IN -SERVICE FUNDS

WATER FUND

The staff recommends a budget of \$3,573,200. This represents a 1.9% decrease from FY-2020-21. We do not recommend an increase in Water Rates during the upcoming year.

Several capital items are recommended for the Water Department:

New pumps for the Browning Branch Pump Station	\$ 30,000
Water Line Replacements	\$100,000
Repair/Replacement Costs for Filter Actuators	\$ 20,000
Excavator for Water Construction Crew	\$130,000
<u>Replacement of Water Meters with “Radio Read” meters/ERTs</u>	<u>\$300,000</u>
Total	\$580,000

SEWER FUND

The staff recommends a 10% increase in Sewer Rates beginning with the August billing period. The increase in rates is due to the costs incurred by the upcoming \$19,454,000 State Revolving Loan recently awarded to the Town. The loan carries a “0” percent interest rate over a 26- year period with \$500,000 in loan forgiveness. The construction plans have been submitted to DENR for review. After they are approved the Town will advertise them for bid. If the State’s schedule holds, our engineers should be bidding

Page 6.
2021-22 Budget Message

the project in late August of 2021. At the time the bids are accepted by the State the Town will pay a one-time loan processing fee of \$380,000 as part of the loan closing.

The Sewer Fund is made up of two operating divisions. Details of their major budget items are listed below.

Sewer Maintenance

The operating budget for the Sewer Maintenance Division has increased by 1.74% over FY 2020-21. This cost is mainly due to increases in personnel and health insurance.

The major projects for the Sewer Maintenance Division will be administering extensive Inflow and Infiltration construction projects funded by the ARP. We recommend \$400,000 be budgeted from our ARP funds to rehabilitate the sewer lines in Haywood Street from Church to Depot and a second project to rehabilitate the sewer lines in Hazelwood and Brown from the railroad tracks at Giles Place to the opposite side of the Creek at Georgia Avenue. Additionally, the Division requests the following:

Tag Along Compressor	\$ 25,000
<u>Miscellaneous Line Replacements</u>	<u>\$ 30,000</u>
Total	\$ 55,000

Sewer Plant

We recommend that the Board of Aldermen appropriate \$1,894,803 for operation and capital in the upcoming budget. This amounts to a 1.48% increase in operation and maintenance.

In late 2021 construction on the plant should commence. Over the next two years the Town must operate the plant and meet DENR's standards while the contractor rehabilitates the plant. Among items that are not included in the construction project will be capital items related to replacement of lab equipment and furniture for the rehabilitated lab building. These costs are estimated to cost \$50,000. Additionally, the Division requests the following:

Dump Truck	\$100,000
<u>Sewer Jetter</u>	<u>\$ 10,000</u>
Total	\$110,000

ELECTRIC FUND

For FY 2021-22 we recommend an Electric Department budget of \$10,730,854. This represents a 6.27% increase over the prior year. The increase in the Electric Fund can be funded through corresponding increases in Electric Revenue due to increases in

Page 7.
2021-22 Budget Message

the economic growth. The staff does not recommend a change in electric rates during the upcoming year.

The increase in the Electric Operating Budget is primarily due to increases in personnel and insurance costs as well as capital outlay.

Major capital projects in the Electric Fund include:

Bush Hog for Excavator	\$ 15,000
15 Ton Crimping Device	\$ 6,000
Upfit for BiLo Apartments	\$ 100,000
Upfit for Balsam Ridge Apartment (Howell Mill Rd.)	\$ 100,000
Walnut Street DOT Relocation	\$ 700,000
Russ Avenue Relocation Programs	\$ 550,000
<u>Frog Level Replacement Lighting Program</u>	<u>\$ 80,000</u>
Total	\$1,551,000

ASSET MANAGEMENT AND GARAGE FUNDS

The Asset Management Fund is an internal service fund that charges the various operating departments for services such as building maintenance, garage, and fuel purchase and distribution. We recommend a budget increase of \$148,673 or 6.10% primarily due to the increase in personnel costs, fuel costs, and service and maintenance contracts.

CONCLUSION

The proposal that is before you represent a “program of work” that is experiencing growth for the first time since 2008. Waynesville has been deferring numerous equipment and personnel expenses over the past decade. The revaluation of the Town’s ad valorem tax base and increase in utility revenue provide the opportunity to place employee salaries in competitive positions among their fellow local governments. The budget funds State mandated inflow/infiltration reduction and electric system relocation projects. It provides funds for commercial district beautification in Frog Level and the Downtown. In the early fall the Town will begin its two- year rehabilitation of the waste treatment plant using a \$19,450,00 loan set at “0” percent interest paid over 26 years.

Should several residential and commercial development projects come to fruition the Town would expect moderate to robust growth over the next two years. The proposed budget sets the stage for a four year “work plan” that will carry the Town to the next quadrennial appraisal in 2025.

Page 8.
2021-22 Budget Message

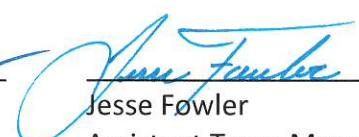

Thanks to the ARP funds the Town will be able to carry out \$2.97 million in capital spending that would normally rely on use of the fund balances of the four funds or short-term borrowing.

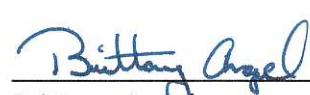

We estimate that the Town will have \$7.8 million in unreserved General Fund Balance as it enters the 2021-22 budget year. It represents 46% of the General Fund budget which is within the percentage recommended by the State Treasurer's office.

The budget has been developed by a new team this year. Except for me this is Autumn Lyvers, Jesse Fowler and Brittany Angel's first experience with Waynesville's budget process. The Team has had extra challenges determining the impact of the personnel pay plan and the American Recovery Plan.

FY2022 Town of Waynesville Revenue-Neutral Tax Rate Calculation

In a property reappraisal year, the North Carolina General Statute 159-11 (e) requires local governments to calculate the revenue-neutral property tax rate for comparative purposes.

- Step 1:** Determine a rate that would produce revenues equal to those produced for the current fiscal year.
- Step 2:** Increase the rate by a growth factor equal to the average annual percentage increase in the tax base due to improvements since the last general reappraisal.
- Step 3:** Adjust the rate to account for any annexation, deannexation, merger, or similar event.

N.C.G.S. 159-11 (e) In each year in which a general reappraisal of real property has been conducted, the budget officer shall include in the budget, for comparison purposes, a statement of the revenue-neutral property tax rate for the budget. The revenue-neutral property tax rate is the rate that is estimated to produce revenue for the next fiscal year equal to the revenue that would have been produced for the next fiscal year by the current tax rate if no reappraisal had occurred. To calculate the revenue-neutral tax rate, the budget officer shall first determine a rate that would produce revenues equal to those produced for the current fiscal year and then increase the rate by a growth factor equal to the average annual percentage increase in the tax base due to improvements since the last general reappraisal. This growth factor represents the expected percentage increase in the value of the tax base due to improvements during the next fiscal year. The budget officer shall further adjust the rate to account for any annexation, deannexation, merger, or similar event.

- Step 1:** Determine a rate that would produce revenues equal to those produced for the current fiscal year.

FY2021 projected total valuation before reappraisal	\$	1,212,392,986
FY2021 tax rate		0.4957
Tax levy at FY2021 rate without reappraisal = $(\$1,212,392,986/100) \times 0.4957$	\$	6,009,832
FY2022 projected total valuation after reappraisal (excludes growth due to improvements)	\$	1,464,921,330
Tax rate that would produce revenue equal to FY2021 = $\$6,009,832/(1,459,701,568/100)$		0.4102

- Step 2:** Increase the rate by a growth factor equal to the average annual percentage increase in the tax base due to improvements since the last general reappraisal.

Fiscal Year	Assessed Value	Annual Percent Increase
2018	1,191,137,403	
2019	1,206,383,936	1.28%
2020	1,208,875,350	0.21%
2021 (projected)	1,212,392,986	0.29%
Average annual growth since 2017 reappraisal		0.59%

FY2022 revenue-neutral rate (with 0.59% growth factor applied) = 0.4117×1.0059	0.4127
---	---------------

- Step 3:** Adjusting for annexations or similar events is not applicable this year.

Note: The property tax rate is the amount of tax charged per \$100 of assessed property valuation.

In addition to the tap fee, new connections to the sewage system of the Town of Waynesville shall pay a sewer capacity fee based on wastewater design flow rate determined from the table of minimum allowable design daily flow in 15A NCAC, 02T.0114 of the Environmental Management regulations contained in the North Carolina Administrative Code.				
For the tributary sewer systems of Junaluska Sanitary District, Town of Clyde or Maggie Valley, wastewater flow allocation letters will be charged the sewer capacity fee at the outside rate. Lake Junaluska Assembly will be charged the sewer capacity fee for flow allocation letters at the inside rate (in consideration of their participation between 1942 and 1990 in the costs of sewer trunk and treatment plant facilities). The minimum flow rate is 240 GPD.				
<i>It is the policy of the Town of Waynesville to establish a schedule of "System Development Fees in accordance with Article 8 of Chapter 162 of the North Carolina General Statutes. The fees are intended to defray the cost of the water and sewer infrastructure as calculated in a report by McGill Associates dated March, 2018 and titled "Cost-Justified Water and Wastewater System Development Fees Report". *Equivalent flow rates will be per the North Carolina Administrative Code 15A: NCAC 18C.0409 and NCAC 02T.0114 (Authority NCGS 130A-315; 103A-317)</i>				

Electric Fund				
Electric Rates				
Waynesville's electric rates are reviewed and adjusted monthly based on power costs billed by town's supplier for wholesale rates. Monthly reviews will determine fuel adjustments to be added to base rates shown below. All rates are effective August 1, 2021.				
All electric sales are subject to a 7% sales tax imposed by the State of North Carolina, with the exception of electric sales to the State of North Carolina or United States government, which are exempt from the sales tax.				
Residential & Commercial fuel adjustment added to base rate as of January 1, 2018 is \$ 0.00000 per kWh.

701 - 4,000 kWh	\$0.106397/kWh			
All over 4,000 kWh	\$0.101649/kWh			
Demand Accounts				
Demand meters are placed on all commercial accounts with an actual or anticipated 12 month average consumption of at least 5,000 kWh per month.				
Accounts will be removed from demand service rates when the calendar year average declines below a 5,000 kWh per month average or the nature of the operation is changed to the extent that the average consumption will be less than 5,000 kWh per month.

Base Charge	\$15.90			
Usage	\$0.077915/kWh			
Single Phase				
Base Charge	\$13.86			
Usage	\$0.077915/kWh			
In addition to the kilowatt hours charges, peak metered demand is billed at \$6.77 per kilowatt of peak demand per month.				

Industrial Accounts	
Industrial rates are used on all industrial accounts with an actual or anticipated 12 month average consumption of at least 1,500,000 kWh per month.	
Industrial fuel adjustment added to base rate as of January 1, 2018 is \$ 0.00000 per kWh.	
Three Phase	
Base Charge	\$15.90
Usage	\$0.057265/kWh
In addition to the kilowatt hours charges, peak metered demand is billed at \$15.17 per kilowatt of peak demand per month.	
Renewable Energy and Efficiency Portfolio Standards (REPS)	
In 2007, the North Carolina General Assembly passed legislation that requires utility companies to develop an increasing supply of alternative energy resources, with 3% of their total supply coming from renewable by 2013 and 12% from renewable by 2021. Utility companies are charging their customers to recover the cost of the renewable energy they purchase. In turn the Town is passing along these costs to its customers. These charges (REPS) are set each December by our power supplier.	
Residential	\$0.56
Commercial	\$4.50
Industrial	\$35.00
Deposits (tenant-occupied accounts only)	
Residential (with Electric Heat)	\$170.00
Residential (without Electric Heat)	\$120.00
Commercial	\$200.00
Deposits may be refunded at customer request if the most recent twelve months of billings have been paid before a late-payment penalty has been added. Deposits available at termination of service are applied to unpaid utility balances and any excess deposit is refunded to customer.	
Deposits may be transferred to a new account when customer is moving if the current account is paid in full. The final bill at the current location will be transferred to the new location if not paid in full within thirty (30) days of billing.
